WHAT IS A WEDDING CONTENT CREATOR?

Unlike a wedding videographer who uses broadcast quality cameras to produce a film designed to be watched on TV, Content Creators use iPhones to shoot content which is **designed to be watched on a phone**, or on social media.

Because the content is phone-ready, **the turnaround is almost instant**, so you will receive an **unlimited amount of unedited pics and video**, the very next day after your wedding.

This means you and your guests can stay phone-free, safe in the knowledge we're capturing everything you would (and more!)

You can **live in the moment**, and then we help you re-live it immediately afterwards.

Rather than end up with a lengthy film you might only watch once a year, you will receive a **phone full of footage**, which will always be at your fingertips to watch yourself and **easily show and share with friends and family**, plus gorgeous edited films on your phone.

WHAT DO I GET?

Lovell Films provide two videographers with every package – one to concentrate on pics and one to concentrate on video!

Expect to wake up the day after your wedding to a camera roll full of unedited pics and video.

Then, within a week of your wedding you will also receive:

- A 60 second highlight film of the day set to a song of your choice
- A 60 second behind the scenes montage of content filmed during your photoshoot – set to a song of your choice
- 2 additional edited videos or social media-ready reels of your choice

Absolutely amazing!!

We were so lucky that we won our content creator package on a competition that Lovell films run but even if we had paid wow!! What they supply is more than worth the money.

Amazing couple, who felt like friends on the day! They were so helpful with everything and Jo was even helping me run about doing bits to help the day run smoothly! The content they've given is just wow, wow, wow... I can't stop looking through the photos and videos. Our whole ceremony and all speeches on video for us to keep forever.

I am so happy with their service, they went above and beyond for us on our day and I can't thank them enough! I'd recommend them to anyone, it's definitely worth it!

Thank you again, Jo & Jack 😊

Perfect addition to our special day.

Jo and Jack were very professional from the start, the communication leading up to the wedding was great. On the day they both made myself and my hubby feel so at ease, super friendly and professional all day.

Content received the very next day, makes that lull after the wedding a little less painful lol, some great shots taken memories to cherish forever 😊
